SUMMARY

The Mankato Family Medicine Residency Program is ACGME accredited with Osteopathic Recognition and supported by two premier medical institutions: the University of Minnesota and Mayo Clinic.

Residents are taught by nationally recognized experts who are passionate, dedicated teachers. Training is broad-based and includes procedures for comprehensive care.

Mankato offers residents a small-town feel with access to big city amenities. Mankato is located about 1.5 hours from the Twin Cities and Rochester.

What Our Residents Say:

“Our program provides just the right balance between self-directed learning and teaching. Everyone is genuinely excited to help you grow in the areas you are most interested in pursuing.”

“Mankato has a great small town feel, but access to the world-class resources of the University of Minnesota and Mayo Clinic.”
CURRICULUM
> Sports and musculoskeletal medicine emphasis with integration of allopathic and osteopathic techniques
> Daily didactics with experts from the U of M and Mayo Clinic Health System
> Scholarship incorporated into daily activities
> Longitudinal community and behavioral health training
> Emphasis on broad spectrum training individualized to resident’s interests
> Education and training on addiction medicine: All residents complete the 8-hour Medication-Assisted Treatment (MAT) of Substance Use Disorders training during their first year

FACULTY
> Core team: Three MDs, two DOs, and one PhD (behavioral health faculty)
