MEDICAL SCHOOL | UNIVERSITY OF MINNESOTA

CENTER FOR HEALTH PROMOTION
AND DISEASE PREVENTION

Your participation this year will earn you entry into a drawing and a chance to win \$250!

Complete Wage\$ activities to be eligible for \$250 cash prize drawing

Complete your Wage\$ study appointment this year for a chance to win \$250 in a drawing, in addition to the usual incentives.

Call the Wage\$ team at 612-270-0769 to schedule your appointment now!

What are my odds of winning?

5 winners will be selected. Your odds of winning will depend upon the number of participants who meet the qualifications to be entered into each drawing, but as the study typically completes follow up with just over 300 participants, your odds of winning will be about 1 in 60.

What if I completed study activities early in year 5?

You will be automatically entered into the drawings if you completed study follow-up this year. You do not need to take any further action to be eligible.

How will I receive the prize if I am one of the winners?

If you are selected as a winner we will upload the prize to your study debit card. If you no longer have your card we will issue you a new card with the prize amount.

Do I have to be entered into the drawing?

No. If you'd rather not be considered for the drawing, just let us know and we can exclude your name. If you forget to exclude your name and happen to win, you can just decline the prize and we will do another drawing excluding your name.

When will the drawings take place?

The drawings will take place after all participants have completed data collection. The first 3 winners will be selected in a drawing on Dec.15, 2022 and the final 2 winners will be selected on Feb.15, 2023.

*You can only win once. Winners from the first drawing will be excluded from the second drawing.
